

CLAIMS

1. A kit for cleaning and treating an exterior surface of a vehicle, said kit comprising:

a carrying case, said carrying case being durable and containing:

a spraying device for connection to the end of a hose;

a cleaning composition; and

at least one adaptor for providing a non-threaded connection of the device to a garden hose.
2. The kit of Claim 1 further comprising a purifier for said spraying device.
3. The kit of Claim 1 further comprising one or more of the following: a wash mitt and a brush.
4. The kit of Claim 1 wherein said carrying case is made of plastic.
5. The kit of Claim 4 wherein said carrying case is ventilated.
